~~Miss [REDACTED] - [REDACTED]~~

Dear Honorable Sir,

Thank goodness you are still in Washington, still serving us all as no one else has or can. Congratulations!

Quite a few years ago I wrote to you about the repulsive antics of Elvis Presley. Look at the money he is making to-day! Still harming our youth! I believe he has done more harm in his style of dancing, to our young people than any one element in our society. It put the suggestive ideas into more young people because he was before them on television so much! This sort of thing had not been seen by many, many of our young people; before this time, it could only be seen at side-shows, so this was something new, something very thrilling to our boys and girls. It spread like wild-fire. It opened up something very daring and catching.

So much for Elvis. You were very kind, understanding and really did all you could about this guy. That's why I am coming to you now.

I am a mother of five daughters, seventeen grandchildren so my keen interest in young people, my own and others, is intensely keen.

[REDACTED]

Now! Praise the Good Lord, they are beginning to wonder --out loud-- if these killer movies, war movies, obscene movies are having an effect on our young people! I wish I had time, I'd write a book!

Let me say right here. I do believe you are very much in accord with the fact that these movies and pictures certainly have and make a bad impression on some of our youngsters. Let me tell you just what a four year old grandDAUGHTER said to her mother one day after they had been in a store in the city. Her mother said, "why didn't you speak to Mrs. [REDACTED] when she spoke to you?" "You told me not to speak to strangers mommy and I was afraid she might kidnap me like that little girl on TV." A four year old little girl! Impression!

Another mother told of her little boy not wanting to speak to a man (an acquaintance of the father) because he was afraid he might kidnap him and take him away and turn him into a tiger. Impression!

I will say this--my daughter selects, very carefully the pictures or programs her children shall watch. Sometimes this is a problem because--maybe the child wants to watch after school, right after supper etc.. and nothing to look at but KILLING!

Oh, yes, indeed these programs affect our young people. AND adults are giving it to them!

Let's take music. College presidents have said it is "the greatest mind-trainer on the list".

A large part of a child's education is affected by music. Let's think that thru together, Mr. Hoover.

Let's take someone who says I am all wrong on this theory. Alright. A marching band goes by. They stop and play to a group of school children. While that band is in their midst, are they not watching the drummer, the trumpeter, whoever happens to be nearest,--and wishing they could play like that. Are they not keeping time with their feet, perhaps clapping their hands in time with the music? Are their thoughts not of the highest educational and emotional order? An impression!

Now let's take Elvis Presley and some of the other singers whom he has influenced. Compare impressions.

We can never say that music does not have an effect on the mind.

If it did not--we could play a wedding march at a funeral, we could have jazz music in our churches, chants and hymns in our dance halls. There is no chance for argument.

All this leads me to this: if our country would come forth and realize the importance of musical training for EVERY child I do believe the crime in our country would be greatly erased!

You and many others may say that every child is not musical, does not care for music. That's where our trained teachers can MAKE it enjoyable and appealing. It can be done with very rewarding results. SO MANY WAYS TO MAKE GOOD MUSIC!

Our beloved Madame Nordica, the world's greatest Wagnerian singer began when she was a very little girl sitting beside a brook on their farm and listening to the birds, the water as it flowed over the rocks and she tried to imitate them. She did!

I do hope you will use your influence to ban, discard, throw out these horrible, destructive programs they are showing on TV, every day!

Thanks if you have stayed with me and we are so thankful for YOU!

A friend,

Contact was maintained with [REDACTED] during the weekend of 8/28-31/70. She advised she has received no other telephone calls threatening the life of victim and coupled with demand for information concerning identity of the killer.

On 8/31/70, Assistant United States Attorney ERIC A. NOBLES, Chief of the Complaint Unit, United States Attorney's Office, Los Angeles, advised facts of this matter at this time would not substantiate successful prosecution of anyone, if identified, in Federal Court for violation of the Federal Extortion Statute as there is lack of evidence that threatening telephone calls were made interstate and information concerning threat against life of victim did not take place over the weekend of 8/28-31/70.

On the same date, Mr. HOOKSTRATTEN was advised of the opinion of Mr. NOBLES. Las Vegas is requested to insure that appropriate personnel associated with victim are advised of Mr. NOBLES' opinion. No other investigation is requested. Los Angeles will confirm Mr. NOBLES' opinion by separate communication.

At 3:00 P.M. on 8/31/70, [REDACTED] advised that she and PRISCILLA PRESLEY, together with their children, were departing Los Angeles for Las Vegas, Nevada, whereupon they intend to stay with their husbands until the termination of victim's entertainment date at the International Hotel.

GENERAL INVESTIGATIVE DIVISION

This is a new matter involving victim, Elvis Presley, well-known entertainer currently appearing at the International Hotel, Las Vegas, Nevada. Anonymous call received by victim's manager at Las Vegas 2:55 P.M., 8/27/70 stating Elvis was going to be kidnapped this weekend. Caller said victim had "done him" (killer) wrong about a year ago." Caller requested \$50,000 in small bills for information regarding identity of killer whom he knew.
